<b>Mammalia</b>							
<b>Proboscidea</b>							
1	African bush (savannah) elephant, young adult	<i>Loxodonta africana</i>	Lower jaw	Tsavo, Kenya, d. early 1970s drought	Janzen, top	ER	CITES Appx I
2	African bush (savannah) elephant	<i>Loxodonta africana</i>	Intact permanent premolar or molar tooth	Tsavo, Kenya, d. early 1970s drought	Janzen, shelf 5	mostly unerupted, anterior slightly worn	CITES Appx I
3	African bush (savannah) elephant	<i>Loxodonta africana</i>	Unerrupted permanent set molar/premolar tooth broken in half	Tsavo, Kenya, d. early 1970s drought	Janzen, shelf 5		CITES Appx I
4	African bush (savannah) elephant	<i>Loxodonta africana</i>	Erupted very slightly worn permanent set molar/premolar tooth broken	Tsavo, Kenya, d. early 1970s drought	Janzen, shelf 5		CITES Appx I
5	African bush (savannah) elephant	<i>Loxodonta africana</i>	Unerrupted permanent set molar/premolar tooth broken	Tsavo, Kenya, d. early 1970s drought	Janzen, shelf 5		CITES Appx I
6	African bush (savannah) elephant, juvenile	<i>Loxodonta africana</i>	Three milk-set premolar teeth	Tsavo, Kenya, d. early 1970s drought	Janzen, shelf 5	ER	CITES Appx I
7	African bush (savannah) elephant, juvenile	<i>Loxodonta africana</i>	Small unworn segment of molar tooth	Found on beach, Malindi, Kenya Feb. 1974	Bates		CITES Appx I
8	African bush (savannah) elephant	<i>Loxodonta africana</i>	Larger unworn segments of molar tooth	Found Malindi beach, Kenya Feb. 1974	Bates		CITES Appx I
9	African bush (savannah) elephant	<i>Loxodonta africana</i>	Skin of ?Rt fore foot showing four toe nails, with healed injury	Tsavo, Kenya 1974	Janzen, shelf 5	ER	CITES Appx I
10	Elephant ?African bush (savannah)	? <i>Loxodonta africana</i>	Skin from ear and from body (with sparse hair)		Bates		CITES Appx I
11	Elephant	<i>Loxodonta</i> or <i>Elephas</i>	3 billiard balls cut diametrically from U. 2nd incisor showing pulp cavities and helical dentinal tubules, total 530 g	Antique	Janzen, shelf 5	E, R; shows pulp cavity & helical dentinal tubules	CITES Appx I
12	African bush (savannah) elephant	<i>Loxodonta africana</i>	c. 380 plain beads cut from U. 2nd incisor, in 2 strings, graded sizes, total 129 g	Central Tanzania 1982	Bates		CITES Appx I
13	African bush (savannah) elephant	<i>Loxodonta africana</i>	Curved pendant cut from U. 2nd incisor showing anatomical structure, 18 g	Central Tanzania 1982	Bates	E, R Dentinal helices & outer enamel	CITES Appx I
14	African bush (savannah) elephant	<i>Loxodonta africana</i>	Square pendant cut from U. 2nd incisor without visible anatomical structure, 6 g	Central Tanzania 1982	Bates		CITES Appx I
15	?Elephant	<i>Loxodonta</i> or <i>Elephas</i>	Tip of ?elephant U. 2nd incisor, worn on one side	Acquired Albertville, Savoie, France 1973	Bates		CITES Appx I
16	Asian elephant	<i>Elephas maximus</i>	Right hind foot + skin, sole & toenails, made into trash basket	Gift from Lady K. Lake (1932-2017)	Janzen, top	E, R	CITES Appx I
380	Asian elephant, probably young ♂	<i>Elephas maximus</i>	U. 2nd incisor 37 cm long with large pulp cavity	Collected E. Asia late 19th C by William L. James; donated 2018 by his descendants	Bates	E, R	CITES Appx I
<b>Hyracoidea</b>							
17	Rock hyrax, BM 1.7 kg	<i>Procavia capensis</i>	Skull+atlas vertebra <i>in situ</i> , lower jaw	South Africa 1995	Bates		
18	Rock hyrax	<i>Procavia capensis</i>	Lower jaw fragment	South Africa 1995	Bates		
19	Yellow-spotted hyrax	<i>Heterohyrax brucei</i>	Lower jaw fragment with 4 comb-like incisors	South Africa 1995	Bates		
<b>Perissodactyla</b>							
20	Horse	<i>Equus caballus</i>	Mounted R. foreleg, top of ulna broken	Univ. Pennsylvania, Philadelphia 1978	Beside Walnut	E, A	
21	Horse BM c. 444 kg	<i>Equus caballus</i>	Skull (braincase damaged) +lower jaw+ hyoids	Shot in abattoir, Bucks, UK	Walnut upper, shelf 1		
22	Horse, mature adult	<i>Equus caballus</i>	10 intact + 2 sectioned molar teeth	Univ. Pennsylvania, Philadelphia 1978	Walnut upper, shelf 1		
462	Horse, mature adult	<i>Equus caballus</i>	6th cervical vertebra	Probably Ireland mid-20th century, slightly carved, perhaps painted as 'angel' religious image. Donated by Richard Vernon	Walnut upper, shelf 1		
463	Donkey (?small horse), very elderly	<i>Equus asinus</i>	cervical vertebra, probably 3rd or 4th, very mineral depleted	Chewed by rodents etc. Donated by Richard Vernon	Walnut upper, shelf 1		
402	Equid, young adult	<i>Equus caballus</i>	5 intact molar teeth with open roots	Univ. Pennsylvania, Philadelphia 1978	Walnut upper, shelf 1		
23	Donkey, very elderly, BM 175 kg	<i>Equus asinus</i>	Skull+lower jaw, teeth worn & maloccluded	Donkey Sanctuary, Seaton, Dorset	Walnut upper, shelf 1	E bone mineral much depleted,	
24	Horse, mature adult	<i>Equus caballus</i>	Partly broken molar tooth		Walnut upper, shelf 1	Shows structure of molars	
25	Elderly herbivore ? Donkey/pony	<i>Equus?</i>	Very worn premolar tooth, 4 closed roots		Walnut upper, shelf 1		
26	Northern white rhinoceros, mature adult	<i>Ceratotherium (simum) cottoni</i>	Skull+lower jaw with 19 molar teeth in situ, U. left 2nd+all 4 1st premolars & horn lost post mortem	Nr. Jinja, Uganda c. 1950 collected by Dr Margaret E. Varley (née Brown) 1918-2009. Kept outside S. England c. 1955-2017	Top of Bates cabinet	E, A, R Base of horns and nose intact	CITES Appx I
27	Southern white rhinoceros juvenile ♀ BM c. 800 kg	<i>Ceratotherium (simum) simum</i>	Skull + small horn, lower jaw (R half in 4 sections, teeth removed), hyoid bones, atlas vertebra, knee cap, small bones, tail	ZSL Whipsnade zoo 30 Jan. 1990 2 bullets in cranium	Janzen, top		CITES Appx I
28	Black rhino, mature adult	<i>Diceros bicornis</i>	Molar tooth, very worn, roots nearly closed	Tsavo Kenya Africa (drought early 1970s)	Janzen, shelf 3		CITES Appx I
29	Black rhino, adult	<i>Diceros bicornis</i>	Premolar tooth, worn, roots still open	Tsavo Kenya Africa (drought early 1970s)	Janzen, shelf 3		CITES Appx I
30	Rhino?		Molar tooth, very worn, roots closed	Tsavo Kenya Africa (drought early 1970s)	Janzen, shelf 3		CITES Appx I

<b>Artiodactyla</b>							
31	Collared Peccary	<i>Pecari (Tayassu) tajacu</i>	Skull+lower jaw, all molars intact, canines & incisors chipped	Costa Rica 1974	Janzen, shelf 3		
32	Collared Peccary old ♀ BM 27 kg	<i>Pecari (Tayassu) tajacu</i>	Large bundle of bristles	Whipsnade zoo 18/8/1987	Bates		
33	Wild boar old ♀ BM 80 kg	<i>Sus scrofa</i>	Skull+ L. jaws (cranium & jaw damaged), loose bones, tail, bundle of bristles	Regent's Park zoo shot 11/10/1984	Janzen, shelf 3		
34	Domestic pig, young adult	<i>Sus scrofa</i>	3rd molar & premolar teeth		Bates		
401	Domestic pig, immature probably ♂	<i>Sus scrofa</i>	Skull+lower jaws, some teeth missing	England 2018	Janzen, shelf 3		
403	Domestic pig	<i>Sus scrofa</i>	bisected skull, atlas & axis vertebrae	USA	Janzen, shelf 3		
35	Elderly domestic pig or wild boar	<i>Sus scrofa</i>	Very worn premolar tooth, 3 closed roots		Bates		
36	Common warthog, mature adult	<i>Phacochoerus africanus</i>	Upper & lower enlarged curved canine teeth, intact	found Kenya 1974	Bates		
37	Common warthog weaned juvenile	<i>Phacochoerus africanus</i>	R. lower jaw + broken part of upper jaw, with teeth erupting	found Kenya 1974	Bates		
38	2-humped camel adult ♀, body mass 650 kg	<i>Camelus bactrianus</i>	Skull+lower jaw, hyoid bones, decayed molar tooth; rt. radius/ulna; tip of tail	ZSL Whipsnade zoo August 1982	Walnut upper, shelf 1		
39	2-humped camel, age 78 days, BM 104 kg	<i>Camelus bactrianus</i>	Skull & lower jaw bisected, hyoids, erupting teeth; incomplete hind limb bones+open epiphyses labelled	ZSL Whipsnade zoo 1982	Walnut lower, shelf 2		
40	White-tailed deer, mature stag	<i>Odocoileus virginianus</i>	Mounted head, with Mich. hunting licence on R antler	Michigan, USA 1946, bought at house clearance sale 1975	On north wall	E, R	
41	White-tailed deer, young adult	<i>Odocoileus virginianus</i>	Rt. lower jaw, with all incisor & molar teeth, some bone damage	Eastern USA	Janzen, shelf 2		
42	? White-tailed deer, adult	? <i>Odocoileus virginianus</i>	Pre-molar tooth, partly worn		Bates		
43	Red deer, young adult	<i>Cervus elaphus</i>	Left lower jaw	found Scotland	Janzen, shelf 2		
391	Red deer, adults ♂	<i>Cervus elaphus</i>	3 broken antlers each with 1 tine (2 shed, 1 broken through bone); 1 vestigial antler; rodent chewed	Wytham Wood	Janzen, Left drawer		
44	? Fallow deer (or reindeer)	<i>Dama dama</i>	Base of shed antler with tine	found Scotland	Bates	Shows abscission zone	
67	Very large cervid ? Irish Elk		Base of shed antler	Found UK	Janzen, Shelf 2		
384	Roe deer mature ♂	<i>Capreolus capreolus</i>	Two-pronged antlers, intact & attached to sawn-off frontal bones	Wytham wood, #37 shot.	Janzen, shelf 2		
385	Roe deer young adult ♂	<i>Capreolus capreolus</i>	Antlers, bone only attached to cranium with ear bullae & occiput	Wytham wood, probably shot.	Janzen, shelf 2		
386	Sika or red deer young ♂	<i>Cervus spp.</i>	One-pronged antlers, intact & attached to sawn-off frontal bones	Wytham wood, #90 shot	Janzen, shelf 2		
387	Fallow deer yearling ♂	<i>Dama dama</i>	One-pronged antlers, intact & attached to sawn-off frontal bones	Wytham Wood, #81 shot 10/11/90	Janzen, shelf 2		
390	Fallow deer mature adult	<i>Dama dama</i>	Scapula, humerus, 2 tibiae, sternum, 4 vertebrae, metatarsal/carpal	Wytham Wood, Feb. 1980 probably found decayed, bones chewed by rodents etc.	Janzen, Left drawer		
45	Svalbard reindeer	<i>Rangifer tarandus platyrhynchus</i>	Antlers, mostly pairs, loose	In or near Adventdalen, Svalbard, Dec. 1989	Janzen, Rt drawer LABEL		Protected in Norway
46	Svalbard reindeer mature ♂	<i>Rangifer tarandus platyrhynchus</i>	Large antler sawn in half, found abscised	Helveticadalen, Svalbard, 14 July 1990	Walnut, top		Protected in Norway
47	Red deer	<i>Cervus elaphus</i>	Antler shed from young stag	Found Grampians, Scotland	Walnut, top		
48	Svalbard reindeer	<i>Rangifer tarandus platyrhynchus</i>	4 Antlers from 2 adults loose	In or near Adventdalen, Svalbard, Dec. 1989	Janzen, Rt drawer		Protected in Norway
49	Svalbard reindeer	<i>Rangifer tarandus platyrhynchus</i>	Skull +1 antler sawn off, 1 vestigial with guard hair	In or near Adventdalen, Svalbard, Dec. 1989	Janzen, shelf 2		Protected in Norway
50	Svalbard reindeer mature adult ♂	<i>Rangifer tarandus platyrhynchus</i>	Skull, both antlers sawn off, sutures well developed, molar teeth roots closed	In or near Adventdalen, Svalbard, Dec. 1989	Janzen, shelf 2		Protected in Norway

51	Svalbard reindeer ♀ BM 71 kg	<i>Rangifer tarandus platyrhynchus</i>	Skull, L. antler sawn off, Rt. Antler vestigial; Rt. 4th upper molar rotated & deformed, Rt. ear capsule deformed; all tongue bones	In or near Adventdalen, Svalbard, shot 6 Dec. 1989	Janzen, shelf 2		Protected in Norway
52	Svalbard reindeer	<i>Rangifer tarandus platyrhynchus</i>	Guard hairs and underfur winter	In or near Adventdalen, Svalbard, Dec. 1989	Bates		Protected in Norway
53	Svalbard reindeer	<i>Rangifer tarandus platyrhynchus</i>	Hyoid bones	In or near Adventdalen, Svalbard, Dec. 1989	Bates		Protected in Norway
54	Svalbard reindeer, mature adult	<i>Rangifer tarandus platyrhynchus</i>	Calcaneus (ankle), phalange (toe) & tarsal bones, 2 molar, 2 premolar teeth, roots closed, crowns worn	near Longyearbyen, Svalbard; May, 1992	Bates		Protected in Norway
55	Svalbard reindeer	<i>Rangifer tarandus platyrhynchus</i>	Guard hairs and underfur, summer	In or near Adventdalen, Svalbard, July 1990	Bates		Protected in Norway
395	?Red deer, 2 adults 1 ♂, 1 ♀	? <i>Cervus elaphus</i>	Skulls + all U. molar teeth, antlers sawn off ♂	Wytham Wood, probably shot	Walnut lower shelf 2		
56	?Red deer, mature stag	? <i>Cervus elaphus</i>	Antler base & tine shaped as handle for wooden walking stick	Antique	Bates		
57	Chinese water deer young ♂ BM 9.4 kg, 10% fat	<i>Hydropotes inermis</i>	Skull, lower jaw & skeleton; epiphyses growing, vertebrae & sacrum in anatomic order	Whipsnade zoo Feb. 1982	Janzen: skull, jaw & vertebrae shelf 2; other Rt drawer		
58	Chinese water deer ♀ BM 11.5 kg		Pelvis & sacrum, scapula, lower jaw with all molar teeth	Whipsnade zoo Nov 1983	Bates		
59	? Chinese water deer, mature ♂	<i>Hydropotes inermis</i>	Enlarged canine tooth from U. jaw	Whipsnade zoo Nov 1983	Bates		
60	Muntjac deer pregnant ♀ BM 13.9 kg	<i>Muntiacus reevesi</i>	Skull & lower jaw, all teeth, atlas vertebra	Milton Keynes 4 July 1984	Janzen, shelf 2		
61	Muntjac deer young adult ♀ BM 10.5 kg	<i>Muntiacus reevesi</i>	Left lower jaw, all teeth except incisors & 1st premolar	Milton Keynes Oct. 1983	Bates		
62	Muntjac deer adult ♂ BM 15 kg	<i>Muntiacus reevesi</i>	Skull + horns, snout & lower jaw damaged, incisors loose, U. molar: 1 missing, 1 decayed	Milton Keynes 22 Feb 1985	Janzen, shelf 2		
388	Muntjac deer young ♂	<i>Muntiacus reevesi</i>	One-pronged antlers bone only, attached to sawn-off frontal bones	Wytham Wood probably shot	Janzen, shelf 2		
389	Muntjac deer adult ♂	<i>Muntiacus reevesi</i>	One-pronged antlers bone only, attached to cranium & left upper jaw with teeth	Wytham Wood ? shot	Janzen, shelf 2		
396	Muntjac deer elderly adult	<i>Muntiacus reevesi</i>	Skull with 2 very worn molar teeth	Wytham Wood ? shot	Janzen, left drawer		
63	Yellow-backed duiker	<i>Cephalophus sylvicultor</i>	Skull+ lower jaw, all teeth, excellent condition	West Africa 1977 cleaned by wild insects	Janzen, shelf 3	E, R	CITES Appx II
64	? Gazelle or Kob	<i>Eudorcas thomsonii</i>	Keratinous horn of adult ♂ antelope	Kenya 1974	Janzen, shelf 3		
65	Springbok, adult ♂	<i>Antidorcas marsupialis</i>	Scrotum with fur, salted	South Africa, June 1995	Bates		
455	? Eland mature adult	<i>Taurotragus oryx</i>	Cervical vertebra, probably 4th or 5th	found Senanga district, Siluana Plains, W. of R. Zambezi, Western Province, Zambia, c. 1970; donated by Richard Vernon	Janzen, shelf 3		
66	Elderly mouflon ♀ BM 18 kg emaciated	<i>Ovis orientalis</i>	Skull naturally hornless, lower jaw, deformed & missing teeth	Whipsnade zoo 25 Jan 1989	Janzen, shelf 3	R	
68	Sheep, dehorned mature ram	<i>Ovis aries</i> adult ♂	Cranium + horn stumps & very crenulated frontal sutures; occiput	Scotland, highlands 1974	Top of Oak cabinet with skull model		
69	Hornless adult sheep	<i>Ovis aries</i>	Skull+ lower jaw, all teeth except incisors (2 L. molars decaying), excellent condition	UK	Janzen, shelf 3		
70	Sheep adult ram ♂	<i>Ovis aries</i>	Cranium+horn cores sagittal cut, showing thick frontals & braincase	Scotland	Janzen, shelf 3	A	
71	Hornless sheep, adults & Juveniles	<i>Ovis aries</i>	Skulls, lower jaw, vertebrae, pelvis, long bones incl. cut femur	Scotland	Walnut lower, shelf 2		
72	Sheep adult ram ♂	<i>Ovis aries</i>	Keratinous horn with 'A1' cut and 'GB' stamped or burned	Scotland	Janzen, shelf 3		
451	Sheep	<i>Ovis aries</i>	Raw wool	Boar's Hill Oxford 20 Aug 2020	Bates		
461	Sheep mature adult	<i>Ovis aries</i>	molar tooth with plaque	Sørøya Island N. Norway 20 July 1990	Bates		
73	Large adult bovid ?Cape Buffalo	<i>Syncerus caffer</i>	Atlas vertebra	Before 1975	Janzen, shelf 3		
74	Large adult bovid	? <i>Bos taurus</i>	Right lower jaw		Walnut upper, shelf 1		
75	Mature adult ?Texas longhorn cattle	<i>Bos taurus</i>	Dehorned skull	Arizona 1977 Shot through cranium braincase damaged	Walnut upper, shelf 1		
76	Large mature bovid ? cattle	? <i>Bos taurus</i>	Horn of large mature bovid		Walnut upper, shelf 1		
378	Large mature bovid ? cattle	? <i>Bos taurus</i>	3 small leg bones		Bates		
77	Mature adult ?Texas longhorn cattle	<i>Bos taurus</i>	2 animal-chewed cervical vertebrae		Walnut upper, shelf 1

78	Domestic cattle adult	<i>Bos taurus</i>	Astragalus (hind leg hock) cut into 4 slices to show internal structure	Yorkshire 1990	Bates		
79	Domestic cattle young adult	<i>Bos taurus</i>	Part of left upper jaw showing molar & premolar teeth + roots		Walnut upper, shelf 1		
80	Young domestic cattle	<i>Bos taurus</i>	Hornless skull, nasal region broken		Walnut lower, shelf 2		
81	Domestic cattle mature adult	<i>Bos taurus</i>	Intact & broken molar teeth + roots	Shows complex internal structure of molars	Bates		
82	Domestic sheep, adult	<i>Ovis aries</i>	2 molar teeth	UK	Bates		
83	? Hanu or jeju Korean cattle	<i>Bos taurus</i>	Cattle horn carved as crested bird	Made in Korean, bought Hong Kong 1983	Bates		
84	? Hanu or jeju Korean cattle	<i>Bos taurus</i>	Cattle horn carved as perforated turtle	Made in Korean, bought Hong Kong 1983	Bates		
394	Mature bovid (? domestic) or cervid	?	Long bones, sacrum with extensive rodent chew marks	Wytham Wood	Janzen Left drawer		
85	Deer, immature ♂ ? Fallow	? <i>Dama dama</i>	Skull (broken ) & lower jaw, some teeth unerupted, antlers shed	Found Buckinghamshire 1987	Walnut lower, shelf 2		
<b>Cetacea</b>							
86	Great whale	<i>Balaenoptera</i>	Vertebra centrum with broken transverse processes	Found on beach NE USA Oct. 1976	Janzen , top		CITES Appx I
400	Great whale	<i>Balaenoptera</i>	fragment vertebra polished to show structure	Hvalfjordur, Iceland July 1985	Bates		
460	? Minke whale	<i>Balaenoptera acutorostrata</i>	Lumbar vertebra	From skeleton found buried in sand dunes with all flesh rotted away and bone edges gnawed on S. shore of Moray Firth, Scotland, April 2020	On top of bookcase		
87	Pilot whale	<i>Globicephala melaena</i>	Right mandible with teeth & some skin	Stranded from The Wash onto marsh, S. Lincs., 6 Nov. 1982	Janzen, shelf 4		CITES Appx I
88	Large dolphin ?Pilot whale	? <i>Globicephala melaena</i>	Atlas + some cervical, thoracic, lumbar & tail vertebrae in anatomic order	E coast Mass. USA Dec 1976	Janzen, shelf 4		CITES Appx I
89	Bottlenosed dolphin	<i>Tursiops truncatus</i>	Skull, teeth, ear ossicles ( <i>in situ</i> & separated), 3 cervical, 2 thoracic, 1 lumbar vertebrae + 4 intervertebral disks	Collected by Sea Mammal research Unit at Cambridge	Janzen: skull & jaw shelf 4; other Rt drawer		CITES Appx I
90	White-sided dolphin ♂ BM 166 kg	<i>Lagenorhynchus acutus</i>	Skull, lower jaws, ear bulla, some teeth, 7 cervical, 2 thoracic & 7 lumbar vertebrae, rib	Collected by Sea Mammal Research Unit, Cambridge, early 1985	Janzen: skull & jaw shelf 4; other Rt drawer	Cervical vertebrae diseased	CITES Appx I
91	Fin whale	<i>Balaenoptera physalus</i>	Tympanic ear bulla	SW Iceland, July 1985	Janzen, shelf 4	Very dense bone	CITES Appx I
92	Large whale ? Orca or baleen whale		Carved figure made from rib, ht. 22 cm, mass 730 g	Western Canada 1990s	Janzen, shelf 4		
93	Porpoise ♂ BM 43 kg	<i>Phocoena phocoena</i>	Skull, some vertebrae	W. North Sea, collected by SMRU 1 April 1985	CHECK		CITES Appx I
94	Narwhal adult ♂	<i>Monodon monoceros</i>	11 sawn fragments of enlarged incisor tooth, 1 with pulp cavity	Gift from Dr Malcolm A. Ramsay (1949-2000) Saskatoon, Sask. Canada	Bates		CITES Appx I
<b>Sirenia</b>							
95	Florida manatee large ♂	<i>Trichechus manatus</i>	Ear ossicles, L & R pair	Florida Fish & Wildlife Conservation Commission 2/2/2002	Bates		CITES Appx I
<b>Pinnipedia</b>							
96	Grey or Common seal		Sacrum, both femurs, L scapula, axis vertebra	Found on beach UK	Janzen Rt. drawer		Protected in UK
97	Grey Seal BM c. 200 kg	<i>Halichoerus grypus</i> or <i>Phoca vitulina</i>	Skull & lower jaws + teeth; scapula, forelimb, hindlimb	Norfolk Coast collected by SMRU Cambs, 20 Sept. 1983	Janzen: skull & jaw shelf 5; other Rt. drawer		Protected in UK
98	Common (Harbour) Seal	<i>Phoca vitulina</i>	Skull & R jaw	Blakeney Point, Norfolk, 11 Oct. 1988	Janzen, shelf 4	Died of seal virus	Protected in UK
99	Common (Harbour) Seal	<i>Phoca vitulina</i>	Lower jaws only		Bates		Protected in UK
100	Common (Harbour) Seal ♂ BM 42.5 kg	<i>Phoca vitulina</i>	Lower jaws only	NE coast England 1 April 1985	Bates		Protected in UK
101	Antarctic fur seal juv. ♀ BM 27 kg	<i>Arctocephalus gazella</i>	L. half of skull, lower jaw + L scapula, L fore and hind limbs	Collected by Sea Mammal Research Unit Cambs 14 March 1994	Janzen: skull, jaw, scapula shelf 5; other Rt drawer		Protected in UK
102	Walrus	<i>Odobenus rosmarus</i>	Awl with scrimshaw and metal screw made from enlarged canine, mass 257 g	Canadian arctic	Bates		CITES Appx III
<b>Chiroptera</b>							
103	Pipistrelle bat ♀, BM c. 5 g	<i>Pipistrellus pipistrellus</i>	Skull (braincase damaged), lower jaw, loose teeth, 2 ribs, 4 long bones	England	Bates		
104	? Pipistrelle bat	<i>Pipistrellus pipistrellus</i>	Dried spread intact body & wings	England	Bates		
105	Little brown bat	<i>Myotis lucifugus</i>	Dried spread intact body & wings	Philadelphia, Pa, USA. 7 May 1979	Bates

435	Red-eared slider terrapin adult ♀	<i>Trachemys</i> (= <i>Pseudemys</i> , <i>Chrysemys</i> ) <i>scripta elegans</i>	mummified intact body keratinous scutes in situ				
320	Colombian slider terrapin, adult ♀	<i>Trachemys callirostris</i>	Shell + skull, jaws, girdles, limb bones packed separately	Central America 1976, d. 1991	Walnut lower, shelf 1		
321	Coastal plain cooter terrapin	<i>Trachemys</i> (= <i>Pseudemys</i> , <i>Chrysemys</i> ) <i>concinna floridana</i>	Shell intact, disarticulated skeleton	Gift from Dr. Anders G. J. Rhodin 1976, d. Milton Keynes 1984	Walnut lower, shelf 1		
322	Red-eared slider terrapin adults	<i>Trachemys</i> (= <i>Pseudemys</i> , <i>Chrysemys</i> ) <i>spp.</i>	Shell fragments (bone & keratin), disarticulated skeletons, skulls	USA	Walnut lower, shelf 1		
323	Greek tortoise, large adult ♀	<i>Testudo graeca</i>	Carapace cut from plastron (bone & keratin), skull, lower jaw, girdles & major limb bones	Whipsnade zoo Feb 1982	Walnut lower, shelf 1		
324	Greek tortoise, large adult ♀ BM c. 2.5 kg	<i>Testudo graeca</i>	Shell (carapace+plastron), skull, lower jaw, skeleton partly in situ		Walnut lower, shelf 1		
325	Greek tortoise, large adult ♀	<i>Testudo graeca</i>	Shell (carapace+plastron) intact, skull, lower jaw, girdles & major limb bones	Died 21 June 1997	Walnut lower, shelf 1		
377	Greek tortoise, adult ♀ max BM 1.81 kg	<i>Testudo graeca</i>	Disarticulated skeleton	Sept 1986 d. after hibernation 17/3/88	Bates		
326	Greek tortoise, adult ♂ c. 80 y old, max BM 1.68 kg	<i>Testudo graeca</i>	Skull+atlas vertebra+jaws intact & in situ; carapace & ant. plastron intact bone & keratin in situ, disarticulated post. plastron, vertebrae & limbs, left radius healed break	Adult life in S. England; d. during hibernation Oct 2017 -9 /3/18	Carapace & ant. plastron on E wall; other Walnut lower, shelf 1		
327	Greek tortoise, small ♀ probably growth stunted	<i>Testudo graeca</i>	Shell (carapace+plastron bone & keratin)		Walnut lower, shelf 1		
328	Hermann's tortoise, large adult ♀	<i>Testudo hermanni</i>	Shell (carapace+plastron bone & keratin)		Walnut lower, shelf 1		
329	Hermann's tortoise, large adult	<i>Testudo hermanni</i>	Skull, loose keratin scutes, disarticulated skeleton		Walnut lower, shelf 1		
330	Russian Tortoise	<i>Testudo</i> (= <i>Agrionemys</i> ) <i>horsfieldii</i>	Shell (intact), skull, jaws, girdles & major limb bones	Captive-bred pet, BM 240 g, d. 6 March 2012 after hibernation	Walnut lower, shelf 1		CITES Appx II
331	♀ black marsh turtle = smiling terrapin = Siamese temple turtle	<i>Siebenrockiella crassicolis</i>	Fragmented shell, limbs & pectoral girdle, skull, jaws & neck vertebrae packed separately	Died 1984	Walnut lower, shelf 1		CITES Appx II
332	♀ black marsh turtle = smiling terrapin = Siamese temple turtle	<i>Siebenrockiella crassicolis</i>	Shell (bone & keratin) & skull + jaws intact, almost complete skeleton packed in shell	Died 17 Feb 1991 BM 470 g	Walnut lower, shelf 1		CITES Appx II
433	♀ black marsh turtle = smiling terrapin = Siamese temple turtle	<i>Siebenrockiella crassicolis</i>	mummified intact body keratinous scutes <i>in situ</i>	died in captivity 20 March 1983	Clear plastic box, Walnut lower shelf 1		
333	Side-necked Amazon yellow-spotted river turtle ♀, BM 600 g	<i>Podocnemis unifilis</i>	Shell, skull & jaws + neck vertebrae in anatomic order, girdles+ limbs packed separately	Detroit Zoo 1975, d. 13 March 1979	Walnut lower, shelf 1		
414	African helmeted side-necked marsh turtle, juv.	<i>Pelomedusa subrufa</i>	mummified intact body, plastron cut, viscera visible		Clear box, Walnut lower shelf 1		
415	Yellow-margined or golden-headed box turtle	<i>Cuora flavomarginata</i>	mummified intact body		Clear box, Walnut lower shelf 1		
416	S.E. Asian snail-eating turtle	<i>Malayemys</i> sp.	mummified intact body		Clear box, Walnut lower shelf 1		
417	Asian mud turtle	<i>Kinosternon ?subrubrum</i>	mummified intact body		Clear box, Walnut lower shelf 1		
418	Red-eared slider terrapin, juv.	<i>Trachemys</i> (= <i>Pseudemys</i> , <i>Chrysemys</i> ) <i>scripta elegans</i>	mummified intact body		Clear box, Walnut lower shelf 1		
419	Ornate box turtle immature	<i>Terrapene ornata</i>	mummified intact body, plastron cut, viscera visible				
421	Giant Asian pond turtle small adult ♀	<i>Heosemyda</i> ( <i>Geoemyda</i> ) <i>grandis</i>	mummified intact body keratinous scutes abscised		Large plastic box, Walnut lower shelf 1		
427	Giant Asian pond turtle small adult ♀	<i>Heosemyda</i> ( <i>Geoemyda</i> ) <i>grandis</i>	mummified intact body keratinous scutes abscised				
428	Ornate or painted wood turtle mature adult ♂	<i>Rhinoclemmys</i> (= <i>Geoemyda</i> ) <i>pulcherrima</i>	mummified intact body keratinous scutes <i>in situ</i>	Santa Rosa Guanacaste, Costa Rica c. 1976	Large plastic box, Walnut lower shelf 1		
429	Ornate or painted wood turtle two large adult ♀s	<i>Rhinoclemmys</i> (= <i>Geoemyda</i> ) <i>pulcherrima</i>	mummified intact body keratinous scutes <i>in situ</i>	Santa Rosa Guanacaste, Costa Rica c. 1976	Large plastic box, Walnut lower shelf 1		
334	Ornate or painted wood turtle small adult	<i>Rhinoclemmys</i> (= <i>Geoemyda</i> ) <i>pulcherrima</i>	Shell, partly broken + skull, neck, tail & limbs	Santa Rosa Guanacaste, Costa Rica c. 1976	CHECK ID Walnut lower, shelf 1		

# The Pond Collection at WildCRU

See associated notes for Collection arrangement and its terms of use

Item #	Common name, sex, age	Scientific name (former name)	Specimen	Source & date	Location in Pond room	Specimen quality & other notes E = excellent preservation; A = anatomic order &/or labelled bones; R = rare &/or valuable	Legal status in 2017
<b>Crocodylia</b>							
335	American alligator	<i>Alligator mississippiensis</i>	Skull (braincase damaged), jaws, with keratin & teeth	Florida 1960s, probably shot	Oak cabinet, top		CITES Appx II
<b>Squamata</b>							
456	Nile crocodile young adult	<i>Crocodylus niloticus</i>	Skull, maxilla and nasal only (orbits, foramina, cranium & occiput absent), L. jaws, with dermal bones & teeth	Shot Zambezi River nr. Mongu, Western Province, Zambia, c. 1970; donated by Richard Vernon	Oak cabinet, top		CITES Appx II
336	Common chuckwalla mature adult BM 205 g	<i>Sauromalus (obesus) ater</i>	Disarticulated skeleton & skull	Arizona, USA Oct 1976; d. 18 July 1990	Bates		
337	Common chuckwalla 2 adults, 15+ y old, BM 285 g	<i>Sauromalus (obesus) ater</i>	Eviscerated mummified body with skin & skeleton <i>in situ</i>	Arizona Oct 1976; d. July 1990 large abdominal fat bodies	Bates		
338	Iguanid, ? Galapagos marine iguana	<i>Amblyrhynchus cristatus</i>	Skull (bone & some keratin)	Gift from Alistair Ewing Nov 1989	Bates		
339	Spiny-tailed iguana, large adult	<i>Ctenosaura</i> spp.	Skull & jaws, vertebrae in anatomic order, other skeleton	Pet Milton Keynes 1989	Bates		
340	? Tegu lizard	? <i>Tupinambis</i>	Dentary bones & maxillae showing heterodont dentition	S. America 1970s	Bates		
341	Adult large lizard	? Varanidae	Dried body with scales & claws fixed to bamboo frame	Indonesia 1976	Oak, shelf 2		
342	Desert iguana, large adult, BM c. 90 g	<i>Dipsosaurus dorsalis</i>	Disarticulated skeleton, skull & jaws, mixed with some <i>Sauromalus</i> bones	Southwest Arizona, 1976 d 1983	Bates		
343	Desert iguana	<i>Dipsosaurus dorsalis</i>	Eviscerated mummified adults with automised tails, skin & skeleton <i>in situ</i>	Southwest Arizona, USA 1976-1979	Walnut lower, shelf 1 3 bags in box		
344	Spiny lizard, ?western fence, adult ?♀	<i>Sceloporus ?occidentalis</i>	Dried intact body with scales	Southwest Arizona 1977	Bates		
345	Spiny lizard, ?western fence	<i>Sceloporus ?occidentalis</i>	Dried intact body	Died 17 Oct 1976	Bates		
346	Adult large lizard	? Teiidae, Varanidae or Iguanidae	Pelvis with fused sacral vertebrae		Walnut lower, shelf 1		
411	2 small gekkos	Gekkonidae	intact, pickled in bottle	Kibale forest, Fort Portal Uganda 23 Oct 1974	Bates		
412	2 Leopard gekkos: ♂ BM 31 g aged 11.4 y; ♀ BM 35 g, aged 12.5 y	<i>Eublepharis macularius</i>	intact, pickled in sealed jar	Bred in captivity, Penn. USA Jan. 1978, d. Milton Keynes 1989 & 1990	Walnut lower, shelf 1		
347	Royal (=ball) python	<i>Python regius</i>	Skin & scales, entire	Edea rainforest, Cameroon; 1 Nov 1974	Walnut lower, shelf 1		
348	? Garter snake	<i>Thamnophis</i>	Sloughed skin, dorsal & ventral rectangular scales	USA	Bates		
349	Pentastomid (= Linguatulida) (Arthropoda, Crustacea) in <i>Python regius</i>	? <i>Armillifer armillatus</i>	Parasite found in body cavity pickled in tube	Edea rainforest, Cameroon; 1 Nov 1974	Bates Squamata	On east wall	
412	Tapeworm (Platyhelminthes, Cestoda) in <i>Python regius</i>	? <i>Bothridia</i> sp.	Parasite found in intestine pickled in tube	Edea rainforest, Cameroon; 1 Nov 1974	Bates Squamata	On east wall	
413	Ascaridoid Nematode worms in <i>Python regius</i>	? <i>Kalicephalus</i> sp.	Parasites found in stomach pickled in tube	Edea rainforest, Cameroon; 1 Nov 1974	Bates Squamata	On east wall	
<b>Amphibia</b>							
<b>Anura</b>							
350	African dwarf frog adult	<i>Hymenochirus</i> spp.	Disarticulated skeleton & skull	pet, d. Iffley Oxford March 2015 aged 20+ y	Bates		
351	South African clawed frog adult	<i>Xenopus</i> spp.	Disarticulated skeleton, hind legs & pelvis separated	pet, d. Iffley Oxford, 18 Oct 2012 aged 27+ y	Bates		
352	South African clawed frog adult	<i>Xenopus laevis</i> gravid ♀, many immature eggs	Disarticulated skeleton & skull	pet, d. Milton Keynes 1 May 1992 aged 7+ y	CHECK not found		
410	Common toad, large adult	<i>Bufo bufo</i>	Disarticulated skeleton & skull	found dead Oxford Botanic Gardens, 7 Aug 2001	Bates		
353	Common frog, 3 large adults	<i>Rana temporaria</i>	Disarticulated skeletons	wild, d. naturally Iffley Oxford Feb. 2016	Bates		
354	Adult frog ?tropical, 19 mm long		Mounted mummified body		Bates		
<b>Urodela</b>							
404	Common mudpuppy (salamander), adult	<i>Necturus maculosus</i>	Mounted skeleton with gills	E. USA ? N. Carolina before 1975	Bates		
<b>Osteichthyes</b>							
355	Alligator gar = tropical gar fish	<i>Atractosteus (Lepisosteus) tropicus</i> (Holostei)	Stuffed whole fish, with dried skull, jaws & ganoid scales	Eastern Costa Rica	Displayed on E. wall		CITES Appx I
356	Longnose (needlenose) gar	<i>Lepisosteus osseus</i> (Holostei)	Skull & jaws, pectoral fins dried intact	Eastern USA	Bates		
357	Scrawled cowfish or trunkfish	<i>Acanthostracion quadricornis</i>	Dried whole fish	Costa Rica 1974	Bates		
358	Honeycomb cowfish or trunkfish	<i>Acanthostracion polygonius</i>	Dried whole fish	Costa Rica Caribbean 1974	Bates		
359	Clown fish	? <i>Amphiprion</i>	Dried whole fish	? Captive bred	Bates
